PROFILE

Passionate and detail-oriented Web Developer with strong experience in responsive website design, front-end development, and e-commerce solutions. Skilled in HTML, CSS, Bootstrap, JavaScript, React and NodeJs. Focused on building user-friendly, high-performance websites that improve user engagement and business growth. Highly motivated to learn new technologies and deliver clean, scalable code.

WORK EXPERIENCE

Android App Developer

NagarFix – City Issue Reporting App

Kotlin | Android Studio

2025

- Designed and developed a prototype Android application to help citizens report city-related problems.
- Built using Kotlin with modern Android UI practices.
- Implemented issue submission, basic tracking interface, and navigation flow.
- Aimed to solve real-world urban challenges through technology.
- Developed as a university prototype project for academic purposes.

Web Developer

GorgeousGrab – Costume Rental Platform

2024

- Developed a prototype commercial-style costume rental website as a university project.
- Built using HTML, CSS, JavaScript, Bootstrap 5.3.3, and Node.js.
- Designed responsive user interfaces for product browsing, booking flow, and user interaction.
- Implemented structured layouts following real-world e-commerce standards.
- Focused on usability, responsiveness, and clean UI design.
- Project was created as a functional prototype for academic evaluation
